READING 1.

Janet Johnson is a film actress. She made several animal films. She is talking about an elephant called HEKIMA.

“I met Hekima when I went to Africa seven years ago. We were in Tanzania and we were making a film about elephants. When we arrived, we saw three young elephants, all of which were three years old. They were playing together. Hekima was small, friendly and intelligent. We called her Hekima because it means “wisdom”. Hekima was a great actress, and the film made her famous. After we finished the film we left Africa. I thought I’d never see Hekima again. But she left Africa, too. She came to a zoo in the USA. I was working in New York when I heard about that. She was happy when she saw me. She was playing happily. I think she remembered me.”

Write T if the statement is true according to the passage, write F if it is false.

1. Hekima attained fame when she came to a zoo in the USA. []
2. When Janet Johnson saw Hekima in the USA, the elephant was 7 years old. []

READING 2.

The following text is adapted from *CNBC.com*, 29 May 2014 news, titled 'Here's how the World Cup will boost Brazil's economy'

Economists don't expect Brazil's economy to get an immediate boost from hosting the 2014 World Cup, but some say the long-term benefits will be 'priceless.' (1)---- Colliers' report 'FIFA World Cup 2014: Brazilian Goals', the benefits of hosting the World Cup are not (2)---- financial, but rather linked to a nation's 'branding' in the international community. Playing host will immediately raise the global profile of a country and might even change perceptions of the host nation, (3)---- increased tourism and political benefits and alliances, but accrue over many years. The World Cup will act as a giant advertisement for Brazil and its host cities, showcasing them as places (4) ---- to invest, visit and live. Another crucial but less measurable benefit will be the feel-good factor, as a World Cup event tends to boost patriotism and national unity for the host country. Not all analysts are convinced, (5) ----. Capital Economics (6) ---- a note earlier this month arguing that the event will provide little boost to the economy because crucial structural problems are yet to be addressed.

READING 3:

Throughout the seventeenth and the early eighteenth centuries there were frequent attempts made to develop a universal language. Such efforts, which were **by no means** limited to a single country had three major goals. There was a need for an auxiliary language: such as Latin had been, to expedite exchanges of various kinds: scientific, political, commercial. There was a need for a "universal character" that would provide a simplified, rigorous set of symbols capable of expressing all actual and possible knowledge. And above all, it was felt a truly universal language itself be an instrument of discovery and verification.

1. Which one of the below would be the best topic for this passage?
 - a) Discoveries in the seventeenth and early eighteenth centuries.
 - b) International language in history.
 - c) International cooperation in science; politics and trade.
 - d) The aims behind the search for an international language.
2. Latin had previously been particularly useful ...
 - a) in providing a simplified, rigorous set of symbols
 - b) as an instrument of discovery and verification
 - c) in facilitating a wide variety of transactions.
 - d) since it was capable of expressing all actual and possible knowledge
3. Which of the following best reflects the period referred to in the passage?
 - a) 1750-1830
 - b) 1600-1720
 - c) 1700-1715
 - d) 1700-1815
4. It can be inferred from the passage that a "universal character"
 - a) is the way to expand the existing human knowledge
 - b) would basically be an apparatus for discovery
 - c) excludes scientific, political, and commercial exchanges
 - d) would cover all of what we know
5. Which one of the following can "by no means" be replaced with without changing the meaning?
